

The lighted candle in the Church Steeple will shine perpetually as a beacon of God's strength. This light reflects our prayers for peace, here and abroad. To help defray the cost of keeping the lights lit, donations are greatly appreciated.

From the desk of Rev. Mark Pilletere...

Valentine's Greetings!

This is the month so many people do their best to share their love with one another in so many ways as we celebrate Valentine's Day. Yet, let me just take a moment to remind you of the amazing love of our Lord Jesus Christ whose example of perfect love should be held up for all to see.

John 15:12-13 (NRSV) 'This is my commandment, that you love one another as I have loved you. No one has greater love than this, to lay down one's life for one's friends.

Jesus was clearly saying here that our love towards one another as the family of God should not be dictated by "feelings" because you cannot give a commandment to feel a certain way. Yet, this love He wants us to have is a choice that we make in our hearts to love one another even as He loved us!

I want to encourage you during this time of year and special celebration of love, to take a little extra time to appreciate and love the family of God.

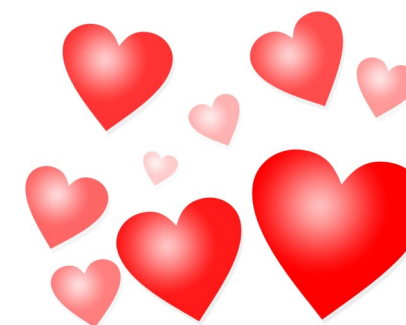

We live in a world in which actions are only determined by the feelings of the moment. If a person feels in love, they do all they can to bless that person who loves them. Yet, so often when the emotions are not what they once were, their level of commitment to that person takes a direct hit.

We cannot go through this life without being offended, and often our offense arises out of unmet expectations, yet these are the times our love is tested! I encourage you today to pass the test, and love one another not only in the times of harmony and agreement, but also in those challenging moments when it is difficult to do so!

1 John 3:16 (NRSV) We know love by this, that he laid down his life for us—and we ought to lay down our lives for one another.

In Christ's Love,

Pastor Mark

Congratulations !

Thank you to all that have donated to the Steeple Fund and Sanctuary Video and Sound Equipment. We have successfully raised enough money to purchase the equipment for the sanctuary and to begin the bidding process for the steeple. This is just the beginning, so keep those donations coming in. We have come a long way and are sure to reach our goal for these projects as well as many other restoration projects.

Our goal is to keep this Old Stone Church standing for generations to come.

Pastoral Visits in Hospital

Pastoral Visits in the hospital are becoming possible slowly and gradually, with particular guidelines that are changing to reflect the particular hospital's guidelines. If an in-person visit is not possible, telephone visits for prayer and comfort are an alternative, although certainly less than ideal. Please contact Heidi or Pr. Mark, in the office at 203-467-2907, if you anticipate a trip to the hospital or unexpectedly find yourself hospitalized, so Pr. Mark can respond.

Prayer requests can be sent or called in to the church office at any time. Please send to the church's confidential email: oldstonechurch97@gmail.com or direct to Pastor Mark's confidential email: oldstonepastor@yahoo.com. Pastor Mark will read them aloud on Sunday during service. Should you need a call, please note that in the message.

Is there a special event that has or is happening in your life? Send a note or call the church office to share it with your church family. Prayer requests can be submitted on-line or in person. Email to oldstonechurch97@gmail.com or send to Old Stone Church 251 Main Street East Haven, CT 06512

Board of Christian Education/ Faith Formation

The increase in Covid-19 numbers brought in-person Sunday School to a halt for January. However, Sunday children's bulletins, class outlines with suggested reading, crafts and music were emailed to each Sunday school family so that they could continue to learn about the life and love of Jesus. Weekly mailing to coincide with the Sunday sermon have also been sent out. There is a Bible trivia contest in progress where each student will receive a **Jennifer's Ice Cream** gift card just for participating. We will resume in person class in February where we will study the Parables, Ten Commandments and Beatitudes. We are looking forward to expanding our prayer garden in the Spring and having some kitchen creativity one Sunday.

Silver Lake Conference Center is accepting registrations. Go to www.silverlakeect.org to sign up. Old Stone Church does provide funds for each student to defray the cost of tuition. Please contact Linda Hargraves or Louise Ward for more information.

Lenten Bible Study will start up again on Sunday February 27. We will use Max Lucado's **He Chose the Nail: What God did to win your love.** Please contact Pastor Mark for a study book and further information.

Confirmations classes will start in February. Any youth interested can contact Louise Ward or Pastor Mark.

Thank you to all who continue to support and participate in our Christian education programs.

Many Blessings,
 Louise Ward

February 2022 Herald

During the month February the school will take on many various themes. We will explore the country of China and celebrate Chinese New Year (the year of the tiger), dental awareness, arctic animals, Ground Hog's Day, President's Day, and of course Valentine celebrations.

School will be closed February 21st & 22nd for President's Day/February vacation.

Our teachers are always beautifying the ELC hallway with the children's "Art Work". Currently we have winter hats, mittens, ice skates, and penguins made using different shapes decorating our hallways. Soon we will have beautiful life size arctic animal posters (painted by former teacher Sarah Parlato) decorating the hallways for arctic animal week.

Registration for Fall 2022 will begin in late February. Registration will be opened to our current students and The Village first, then we will offer registration to the public. We will be registering for our Summer Programs starting in March.

Old Stone Village February Herald 2022

January Recap

Throughout the month of January our villagers used their senses to explore winter weather, Arctic animals, igloos and icebergs. During this unit of study, we spent one week investigating animals that live on the land such as the Snowy owl, Arctic fox, Arctic hare, Polar bear and caribou, and one week exploring Arctic Sea animals including the penguin, narwhal, seals, Beluga whales, and the walrus. This was by far the highlight of our month. Throughout these weeks our villagers engaged in specific activities which enabled them to discover how these animals stay warm and live in this climate. Thanks to mother nature we were able to utilize real snow during our weekly plans to provide a more realistic sensory experience for our villagers.

Upcoming Curriculum

We welcome the month of February by taking our animal investigations a step further and learning about animal hibernation and migration. We will spend the first week of February celebrating Groundhog's Day with a plethora of shadow activities. During this week our villagers will also use dramatic play to understand how and why animals hibernate or migrate. Some key animals that we will focus on will be the Brown Bear, groundhog, birds, butterflies, and we'll visit some other species of whales that we didn't touch upon during our Arctic unit of study.

Our Socio-Emotional learning takes a front seat this month as we spend a lot of time exploring the concept of friendship. During the second week of the month our villagers will learn about some key community helpers including our postal service. During this second week we will have daily Valentine delivery so all our friends regardless of what days they attend, will be able to deliver and receive their Valentines from friends.

During the last two weeks of February our villagers will take on the role of paleontologists as they learn about Dinosaurs and Dinosaur Fossils. During these two weeks, villagers will spend time comparing dinosaurs based on different attributes such as color and size. We will begin to investigate opposites such as big and small and use our early scientific inquiry skills to conduct simple experiments.

Center Updates

All three of our village classrooms are open and running at full capacity. We currently have thirty four families registered. This month two of our village siblings will start their learning journey under the guidance of Ms. Kristen and Ms. Alissa in our infant room. At the end of January, we "graduated" two of our infants into our younger toddler room. The transition has been a success.

On Martin Luther King Day, our teachers spent their morning conducting virtual parent-teacher conferences. Parents were elated to echo the progress that we have been observing with their children. During our afternoon Professional Development session, teachers were able to take specific strengthening areas and create actionable plans for their students. It was a great day of reflection and learning!

One of our newer families shared this on her social media page after conferences and with her permission we thought it would be great to share as well as it defines our mission statement.

"Our first parent teacher conferences with the Finn Twins went swimmingly! Camden is a puzzle wizard and Michael's dance moves are wonderful. Both boys are speech magnets, classroom helpers and their fine and gross motor skills continue to develop every day. Camden needs to work on taking turns and safety with following directions and we're working on fostering independence with Michael through routines around nap time and a daily schedule. Both are super normal, developing babes who are doing so good and growing so much. Nothing shocked us with their comments and everything they're seeing develop and areas of need we also have noticed. So thankful for our school community that we've become a part of this year! Thankful for a safe, fun place for our babes to grow, learn and be awesome!!!" (Elizabeth Finn).
